

Name: \_\_\_\_\_

### **Comparing Images**

First, write down on a sheet of paper the number of the image you and your partner(s) are looking at.

Then, write down as many adjectives as you can think of to describe the people in the image (for example, happy, sad, serious, angry).

Also, write down as many verbs ending in "-ing" as you can think of to describe what the people are doing (for example, running, jumping, fighting).
