

World Population

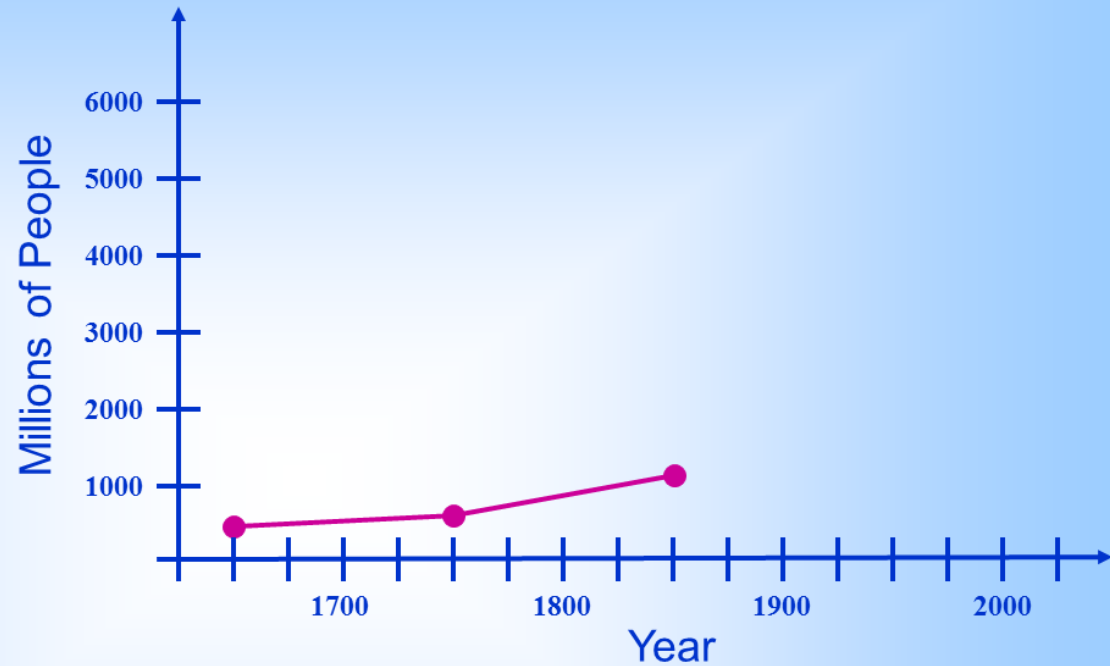

Year	Population (millions)
1650	470
1750	629
1850	1128

Describe any pattern you see in the world population since 1650.

World Population

Year	Population (millions)
1650	470
1750	629
1850	1128

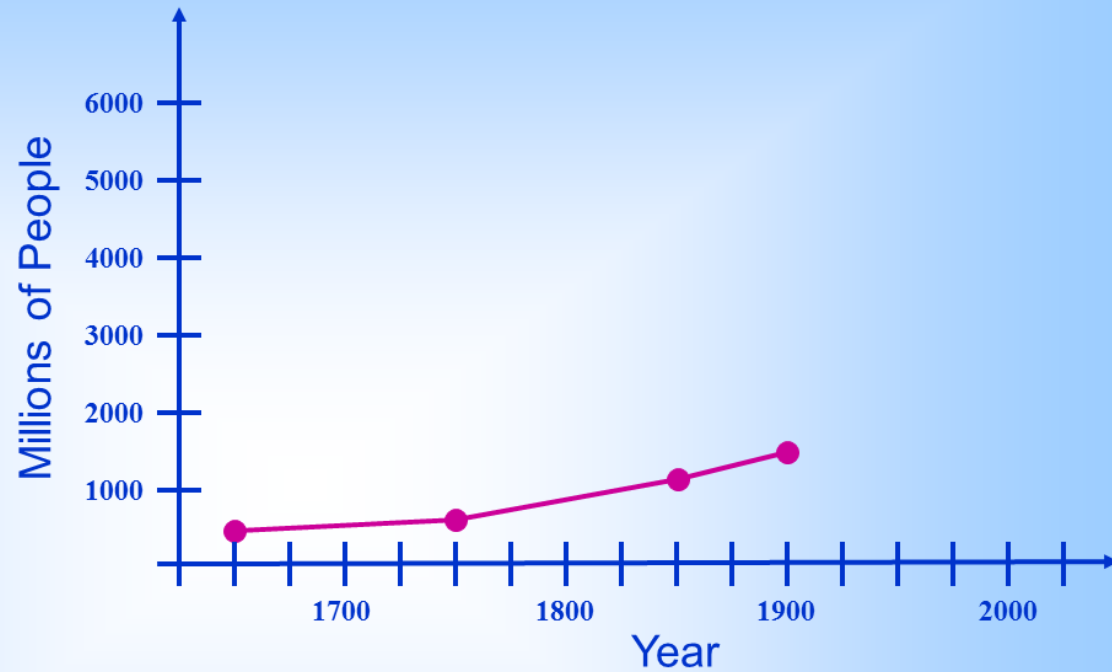

Describe any pattern you see in the world population since 1650.

Based on the pattern you find, predict what you think the world population was in the year 1950.

World Population

Year	Population (millions)
1650	470
1750	629
1850	1128
1900	1550

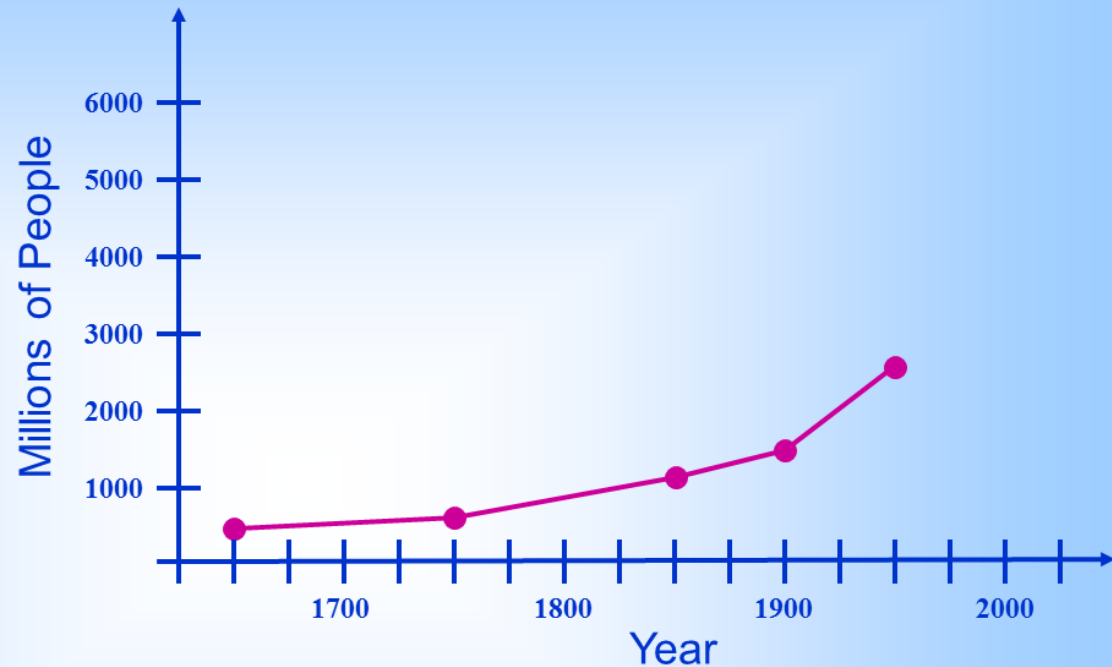

Describe any pattern you see in the world population since 1650.

Based on the pattern you find, predict what you think the world population was in the year 1950.

World Population

Year	Population (millions)
1650	470
1750	629
1850	1128
1900	1550
1950	2555

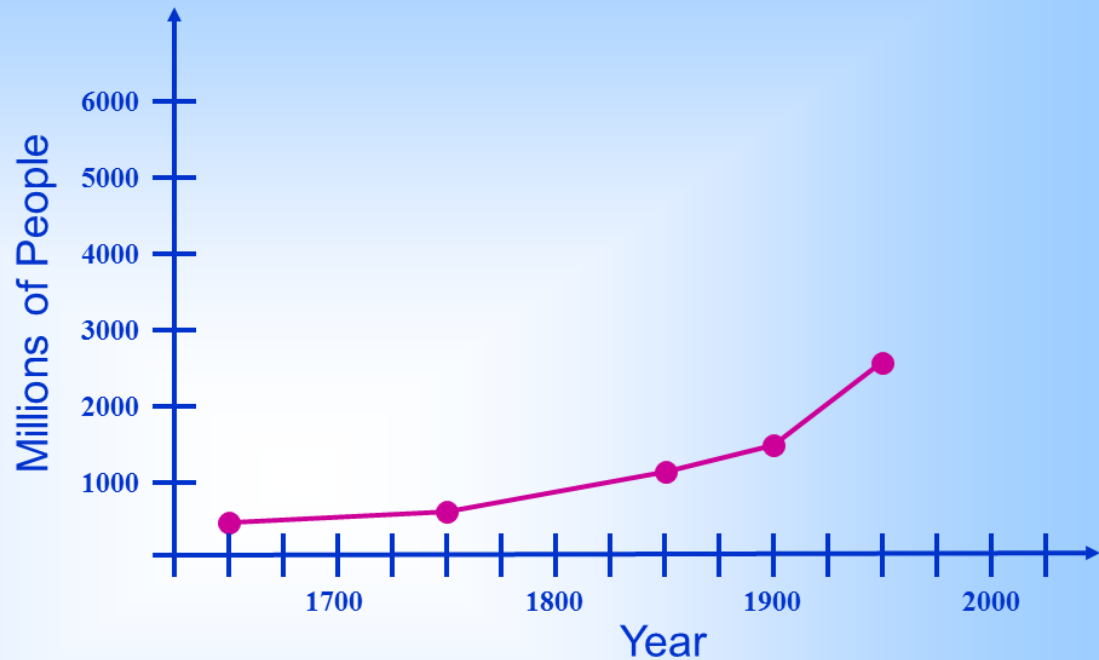

Describe any pattern you see in the world population since 1650.

Based on the pattern you find, predict what you think the world population was in the year 1950.

World Population

Year	Population (millions)
1650	470
1750	629
1850	1128
1900	1550
1950	2555

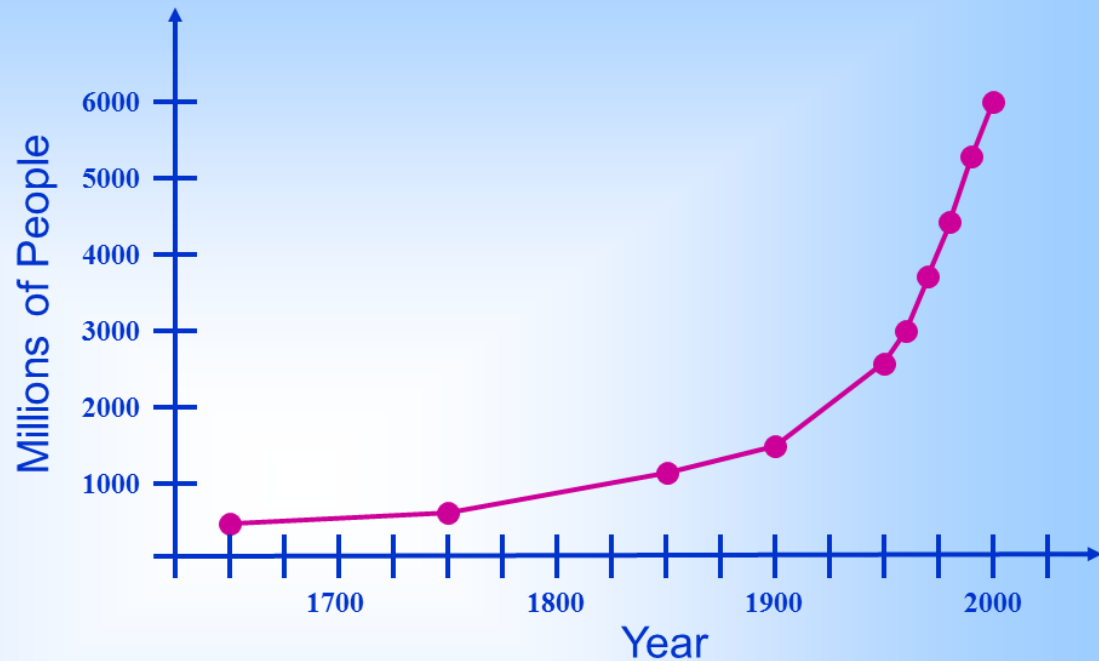

Describe any pattern you see in the world population since 1650.

Based on the pattern you find, predict what you think the world population was in the year 1950.

Predict the world population in 2000.

World Population

Year	Population (millions)
1650	470
1750	629
1850	1128
1900	1550
1950	2555
1960	3040
1970	3708
1980	4455
1990	5275
2000	6079

Describe any pattern you see in the world population since 1650.

Based on the pattern you find, predict what you think the world population was in the year 1950.

Predict the world population in 2000.
