*Quidam*

In 1996, Cirque du Soleil premiered a work entitled *Quidam*. According to Cirque du Soleil's Web site, the character Quidam is meant to be "a nameless passer-by, a solitary figure lingering on a street corner, a person rushing past. It could be anyone, anybody. Someone coming, going, living in our anonymous society. A member of the crowd, one of the silent majority. One who cries out, sings and dreams within us all. This is the Quidam that Cirque du Soleil is celebrating."

This work is different from previous productions in that it contains a narrative story line. The performance opens with Zoe, a young, angry girl who already has seen everything there is to see. Quidam, the anonymous character, invites Zoe into a mysterious, magical world, and she discovers that there is a lot more out there than she ever could have imagined. She meets John and Fritz, who befriend her and dazzle her. She is very excited about her new discoveries in this world, but then she sees her parents. Her parents, though, cannot see her, just as they don't notice her in the real world. In the end everything works out for Zoe. She is reunited with her parents and is glad to see them again. She is much appreciated in the real world now but is sad to leave the excitement of *Quidam* behind. For just a second, Zoe is reluctant to leave and looks to John for advice. He hates to say good-bye to her, but he knows she must return to her own world and her own life.

*Quidam* was written and directed by Franco Dragone, who has been working with Cirque du Soleil since 1985. Dragone came to the circus from a background in theatre, working with several theatrical companies across Europe. It was his experiences in Europe that led Dragone to propose an integration of theatre and circus that is now the trademark of Cirque du Soleil. The rest of the creative team included Michel Crete, set designer; Dominique Lemieux, costume designer; Benoit Jutras, composer; Debra Brown, choreographer; Luc Lafortune, lighting designer; and Francois Bergeron, sound designer. *Quidam* has more than 50 performers, ranging in age from 12 to 43. The current cast members hail from Canada, United States, France, Russia, Ukraine, China, England, Argentina, Belgium, Australia, and Israel.

Cirque du Soleil means "circus of the sun." *Quidam*, like all of Cirque du Soleil's shows, can be considered a circus performance. A circus is a type of performance staged in a circle surrounded by tiers of seats, usually under a tent. While the tradition of traveling performers can be traced back to the Middle Ages, the first modern circus was staged in London in 1768 by Philip Astley. His circus included only one act — a show of trick horsemanship. Over time, circus performances expanded to include many different kinds of acts. Today, a circus performance typically includes displays of horsemanship; exhibitions by gymnasts, aerialists, wild-animal trainers, and performing animals; and comic pantomime by clowns. The founders of Cirque du Soleil loved the circus but wanted to change it. Cirque du Soleil is not about elephants and lion tamers. It is more the circus of the future, a fusion of street performance and theatre.

The structure of *Quidam* (circus acts linked by a storyline) imitates the style called vaudeville. The American tradition of vaudeville grew out of saloon entertainment during the late 1800s. The pattern of a vaudeville performance was always the same: separate acts to musical accompaniment by comedians, serious and comic singers, jugglers, dancers, magicians, trick cyclists, etc., all structured in a single program or "bill" to be performed twice nightly.

One of the comments you will hear about *Quidam* is that it is visually breathtaking. The set for *Quidam* is stunning. One of the production's most spectacular features is a 120-foot overhead conveyor, whose five imposing rails take up the entire interior surface of the big top. This system is used to bring performers onto the stage and to create a multitude of special effects in various acts. The costumes for *Quidam* are colorful, spectacular, and unique. The costumes were designed to let the individual personality of each performer and character come through.

The music of *Quidam* is of remarkable dramatic intensity. Drawing on influences that range from classical music to the most eclectic and contemporary sounds, the music accompanies, envelops, and accentuates the magic of the show. The music is played live by six musicians using violins, cellos, percussion instruments, saxophones, synthesizers, samplers, electric guitars, classical guitars, and a varied assortment of other string instruments. For the very first time at Cirque du Soleil, the voices of a man and a child add texture and unique color to the music.
