TEACHING FOREIGN LANGUAGES K-12 WORKSHOP

Formal Performance Assessment

· ·

Design a culminating unit activity that you can use to assess student performance.

Culminating Unit Activity:	
Assessment objective • Identify communicative objectives. • Identify content/cultural objectives.	
Assessment type • Identify the product. • Determine the format (for example, individual performance, group project, teacher/student interaction, etc.).	
Authenticity • Describe how the assessment parallels real-world tasks.	
Criteria • Identify how the performance will be judged in terms of language, communication, content, creativity, etc.	
Feedback • Determine how the feedback will inform the student to help him or her improve.
