

Group Presentation

You and your team will create a group presentation to accompany your work that will talk about HOW you worked together to create your final work, what you learned throughout this process, and how you have changed as a result.

Presentation Criteria

Content of Presentation	Delivery
<ul style="list-style-type: none"> <input type="checkbox"/> The presentation addresses the following questions: <input type="checkbox"/> What did your group learn about matter and materials? <input type="checkbox"/> What did your group learn about building? <input type="checkbox"/> What did your group hope to express with this work? <input type="checkbox"/> What went well? <input type="checkbox"/> What was challenging? <input type="checkbox"/> What did you realize during this process? <input type="checkbox"/> What did you learn about yourself in creating this work? <input type="checkbox"/> What questions do you have now? <input type="checkbox"/> What has this inspired you to do? 	<ul style="list-style-type: none"> <input type="checkbox"/> Each member presents <input type="checkbox"/> Good voice projection <input type="checkbox"/> Word articulation <input type="checkbox"/> Not reading off of cards or paper (but can be used as a reminder) <input type="checkbox"/> Eye contact <input type="checkbox"/> Each segment is connected in some way <input type="checkbox"/> Able to answer questions from the audience

Lesson 18

Individual Notes

How did you work together to create this work/tower?

What were some obstacles?

How did you overcome those obstacles?

What did you learn about building with materials? When and how did you learn this?

What did you learn about working as a team? When and how did you learn this?

What did you learn about yourself? When and how did you learn this?
